

StatelessWidget::build

```
graph LR; A[StatelessWidget::build] --> B[AppLocalizations::of]; B --> B;
```

The diagram illustrates a sequence of operations. On the left, a grey rectangular box contains the text 'StatelessWidget::build'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This second box contains the text 'AppLocalizations::of'. Above the white box, a curved blue arrow starts from its top edge and points back to its top edge, representing a self-loop or a recursive call.

AppLocalizations::of
