

initState

```
graph LR; A[initState] --> B[_checkFileChange]
```

A diagram showing a flow from a box labeled 'initState' to a box labeled '\_checkFileChange'. The 'initState' box is white with a black border, and the '\_checkFileChange' box is gray with a black border. A blue arrow points from the right side of the 'initState' box to the left side of the '\_checkFileChange' box.

\_checkFileChange
